The screenshot shows the Cambridge English Language Assessment website. At the top, there's a navigation bar with links for Home, Why choose us?, Exams and tests, Learning English (highlighted), Teaching English, Blog, News, Events, and Help. Below this is a search bar with the Google logo. The main heading is "Learning English". A large banner says "Welcome to Learning English" with a subtext: "We have lots of free online activities to help teenagers and adults practise their English. Choose the skill you want to practise and the level that's right for you." and a "SEARCH" button. Below the banner, it says "Try one of our 176 free activities". There are three activity cards: 1. "Independent My best friend" (B1-B2, 5-10 minutes) with a "NEW" tag and a photo of two women. 2. "Basic Which animal?" (A1-A2, 0-5 minutes) with a "NEW" tag and a photo of a panda. 3. "Proficient Intonation" (C1-C2, 0-5 minutes) with a "NEW" tag and a photo of two women. At the bottom, it says "We have more than 175 free activities to help you practise your English" with a "SEARCH" button. The background has decorative icons like a question mark, puzzle pieces, and a hand pointing.

# Activities for children

Each activity will help children practise at least one of the skills we test in our Cambridge English: Young Learners tests – reading and writing, listening or speaking. They also include words taken from the word lists used to create these exams.

If you're not sure what level your child is at, it may be a good idea to start with the Pre-A1 level activities. If these are too easy they can move up through the levels to A1 level activities and/or A2 level activities.

These activities are designed to be used on a desktop or tablet.

The score is aligned to the Common European Framework of Reference (CEFR) and also shows you how to improve spelling, grammar and vocabulary.
